IMPORTANT RECOMMENDATION

We invite the Beneficiaries of a **QUALITAS ASSISTANCE** voucher or assistance plan to read these General Conditions before starting their trip. In the following pages, you will find the General Conditions, Particular Conditions and Exclusions, as well as the instructions that will allow you to make a better use of the benefits and services contracted.

I. INTRODUCTION

All services provided by this assistance plan are covered through **QUALITAS ASSISTANCE**, company whose main purpose is to provide, among others, medical, legal and personal assistance services only in case of EMERGENCIES during a national or international trip during the period of validity of the contracted plan.

Acceptance by the Beneficiary.

The present General Conditions, together with the remaining documentation made available to the Beneficiary at the time of the purchase of the plan, constitute the travel assistance contract provided by **QUALITAS ASSISTANCE**. The Beneficiary declares to know and accept the present General Conditions, such acceptance being ratified by means of any of the following acts.

1. Payment of contracted services
2. The use or attempted use of any of the contracted services.

In both cases, the Beneficiary acknowledges that he/she has chosen, read and accepts all the terms and conditions of the services expressed in the present General Conditions and that the same govern the relationship between the parties at all times becoming a contract of adhesion.

It is clearly understood and accepted by the Beneficiary that the **QUALITAS ASSISTANCE** plans do not constitute under any circumstances an insurance or related product, nor is it: a social security or prepaid medicine program, a home medical service or unlimited medical service. Therefore, their main purpose is not to provide complete health care, nor the definitive treatment of the Beneficiary's ailments. The medical assistance services to be provided by **QUALITAS ASSISTANCE** are expressly and only limited to emergency treatment of acute conditions and are only oriented to the primary assistance in travel of sudden and unforeseeable events where a clear, verifiable and acute illness or medical condition that prevents the normal continuation of a trip has been diagnosed, as long as such illness or medical condition is not included in the list of exclusions. These plans are designed to ensure the Beneficiary's primary and normal initial recovery and physical conditions that allow for a normal continuation of his/her trip. They are not designed or contracted or provided for:

- Elective medical procedures
- To have routine medical check-ups, or check-ups that have not been previously authorized by the Assistance Services Center.
- Advancing benign or long term treatments or procedures

All assistance or treatment shall cease and shall not be the responsibility of **QUALITAS ASSISTANCE** once the Beneficiary returns to his/her place of residence or when the validity period of the chosen plan expires. The acquisition by a Beneficiary of one or more vouchers does not produce the accumulation of the benefits or of the time contemplated therein, in these cases only the limits established in the voucher that has been issued first may be applied.

NOTE: It is clearly understood by the Beneficiary that this plan is a travel assistance product and that in the event that it is offered through an insurance company, it does not make it an international medical insurance.

On the other hand, once the voucher is in force, the Beneficiary may not make any changes or extensions to the contracted product, nor may the voucher be cancelled for any reason or under any circumstances. Notwithstanding the above, when the Beneficiary extends his/her trip unexpectedly, he/she may request the issuance of a new voucher. **QUALITAS ASSISTANCE** reserves the right to accept or deny this renewal without further explanation under the following conditions:

- a. The Beneficiary may not request the renewal of his/her voucher if he/she has made use of any of the **QUALITAS ASSISTANCE** services during the validity of the first voucher.
- b. The Beneficiary may renew his/her voucher with a plan that has the same coverage as the first one or more, but it shall not be extended with less coverage than the one originally contracted.
- c. The Beneficiary must request authorization for the issuance of a new voucher exclusively to the issuing agent with whom he/she contracted the original assistance or if it was purchased in the web page, through the "Contact" form in the same, indicating the number of days he/she wishes to contract, the issuing agent is obliged to inform **QUALITAS ASSISTANCE** that it is an issue at destination and will request the authorization for the new contracting period.
- d. The request for the issuance of a new voucher must be made before the expiration of the original voucher.
- e. The Beneficiary must pay for the new voucher at the time of issuance.

NOTE: In the event that a passenger decides to reschedule his/her trip, he/she will have the right to reissue the trip as long as the following conditions are met:

1. The passenger must have cancelled his/her assistance voucher at least 24 hours prior to the effective date indicated on the voucher.
2. The policyholder will have 365 days from the date of issue of the first voucher to make use of the policy to be reprogrammed.

The new plan of your travel assistance service and its corresponding voucher issued under the conditions referred to in this clause may not be used under any circumstances, to initiate or continue the treatment and/or assistance of problems that had already arisen during the validity of the first original voucher and/or prior or before the validity of the new plan and/or voucher, regardless of the steps or treatments in progress have been authorized by **QUALITAS ASSISTANCE** or by third parties. Any medical assistance treated during the validity of the first voucher will automatically be considered as a pre-existence during the validity of the second voucher and therefore will not be assumed by **QUALITAS ASSISTANCE**.

When the validity of the previous voucher has expired at the time of purchase or the passenger purchases at destination, the voucher shall be issued with 3 (three) days of grace period for any expense contemplated in the table of coverages. The above, only after the issuing agency/tour operator and others have received express authorization from the Assistance Services Center.

It is important to point out that the voucher is valid for one year from the date of issue.

Sole Paragraph: The following benefits are not valid for assistance plans subscribed by citizens, residents or nationals of the United States of America (USA): i) expenses for delayed or cancelled flight; ii) cancellation of contracted trip; iii) compensation for loss of baggage in regular airline; iv) compensation for delay in the return of baggage; v) missed flight for any reason (late arrival) and/or vi) home assistance.

The purchasing company, in exercising its right to assign Assistance days, will also have the right to access the administrative and voucher issuance areas on the **QUALITAS ASSISTANCE** website. For this purpose, it may, at its discretion, designate the individuals who will exercise this right on its behalf. Therefore, it assumes responsibility for such management and for the management of its dependents and authorized representatives.

With regard to the CORPORATE-ON-DEMAND Program assistance days, they will be valid for one (1) calendar year from the date of purchase. VI. BENEFICIARY OBLIGATIONS

In all cases, to obtain services, the Beneficiary must:

1. Request and obtain authorization from the Assistance Services Center before taking any initiative or committing any expense related to the benefits provided by the assistance voucher plan. In cases where authorization has not been requested from the center or obtained, no refunds will be issued, nor will there be any right to make a claim.
2. It is clearly understood that notification to the center is essential, even if the problem has been fully resolved, as **QUALITAS ASSISTANCE** cannot assume the cost of any assistance without the prior knowledge and authorization of the Assistance Services Center.
3. The Beneficiary agrees that **QUALITAS ASSISTANCE** reserves the right to record and audit telephone conversations it deems necessary for the proper provision of its services. The Beneficiary expressly accepts this method and agrees to the eventual use of the records as evidence in the event of a dispute regarding the assistance provided.
4. If the Beneficiary or a third party cannot communicate with the Assistance Services Center before receiving assistance due to an unforeseen circumstance or reason, the Beneficiary or a third party, under an inescapable obligation, must notify the center within 24 hours of the event occurring. Failure to notify within 24 hours automatically results in the Beneficiary's loss of any right to claim or request compensation.
5. Accept and comply with the solutions indicated and recommended by the Assistance Services Center and, if necessary, consent to repatriation to their country of origin when, in medical opinion, their health condition allows and requires it.
6. Likewise, the Beneficiary absolutely and irrevocably authorizes **QUALITAS ASSISTANCE** to request any medical information on their behalf from professionals both abroad and in their country of residence, in order to evaluate and, if necessary, decide on the applicability of restrictions in cases of pre-existing illnesses or conditions, or the condition that gave rise to their care. We strongly recommend that Beneficiaries always complete the Form when registering at a hospital; this will be of great help in the case of reimbursements and/or in making decisions regarding certain cases that require a review of the patient's medical history.

Note: In some countries, primarily in the United States and Europe, due to IT standardization, most medical care facilities such as hospitals, doctors' offices, clinics, and laboratories often send invoices and/or payment requests to the patients they treat, even after the bills or invoices have been paid and settled. If this occurs, the Beneficiary must contact the Assistance Services Center by dialing the numbers provided above or writing to usnetworkservices@ilsols.com and notify them of this situation. The Center will clarify this situation with the provider.

c. With all the necessary documents in hand, **QUALITAS ASSISTANCE** will proceed within the next fifteen (15) business days to analyze the case and issue a letter approving or denying the refund.

The following expenses will be covered under the same limit:

- Hospital Expenses for COVID-19: In the event that hospitalization is required to stabilize the Beneficiary's condition.

Note 2: If the beneficiary dies from COVID-19 and Funeral Repatriation is required, this will be included within the COVID Medical Assistance coverage limit.

Note 3: For all renewals at destination requested before its expiration, no waiting days will be applied. Treatments and/or illnesses presented and treated during the validity of the initial voucher will be considered as pre-existing conditions for the renewal.

Note 4: New sales and extensions at destination requested after the plan expiration will be subject to a 3-day waiting period for any expenses included in the coverage table. This will only be applied after receiving express authorization from the issuing agency/tour operator and others from the Assistance Service Center.

Prescription Medications

Within the limits of coverage, **QUALITAS ASSISTANCE** will cover the costs of medications prescribed by the Attending Physician at the Assistance Services Center up to the amounts established in the coverage limits of the contracted plan. Disbursements made by the Beneficiary for the purchase of medications previously authorized by the Assistance Services Center will be reimbursed, within the limits of coverage and upon return to the country of origin, and upon presentation of the original purchase receipts, the original copy of the medical opinion or report clearly indicating the diagnosis received, as well as the prescription or prescription. We recommend that Beneficiaries remember to request these documents from their attending physician; failure to present these documents may result in non-reimbursement of expenses.

Please note that medication expenses for pre-existing conditions will not be covered by **QUALITAS ASSISTANCE**, even if they have been diagnosed by the Attending Physician at the Assistance Services Center. Medications for the treatment of mental, psychological, or emotional illnesses are also excluded, even if the medical consultation has been authorized by the **QUALITAS ASSISTANCE** Medical Department.

Dental Care

Within the limits of coverage, **QUALITAS ASSISTANCE** will cover dental care expenses arising from an emergency, due to or caused by trauma, accident, or infection, limited to pain management and/or tooth extraction resulting from the infection or trauma. Root canal treatments, fillings, crowns, prosthetics, sealing, dental cleanings, smile designs, or any other treatment not clearly specified in these conditions are excluded from coverage.

Medical Transfer and/or Medical Repatriation

In the event of an emergency or urgent situation, and if the Assistance Services Center deems it necessary, the Beneficiary will be transported to the nearest health center using the means of transportation deemed most appropriate by the Medical Department of the Assistance Services Center, based on the nature of the injury or illness. It is also established that even for treatments and surgeries classified as urgent or emergency, medical transfer must be previously requested and authorized by the **QUALITAS ASSISTANCE** headquarters. Failure to comply with this rule exempts **QUALITAS ASSISTANCE** from assuming responsibility for the coverage of said transfer.

Medical repatriation is understood to be the transfer of the sick or injured Beneficiary from their current location to the airport of entry in the country of habitual residence where the voucher should

have been issued. Only the **QUALITAS ASSISTANCE** Medical Department may authorize all the measures mentioned in this clause. The Beneficiary or a family member is prohibited from doing so on their own without prior written authorization from **QUALITAS ASSISTANCE**. Additionally, repatriation must be medically and scientifically authorized and justified by the **QUALITAS ASSISTANCE** Attending Physician. In the event that the Beneficiary and/or their family members or companions decide to carry out repatriation without consulting the **QUALITAS ASSISTANCE** Medical Department or without requesting its opinion. If this is done in this manner, **QUALITAS ASSISTANCE** will not be liable. Therefore, the repatriation, along with all other expenses and consequences, will be the responsibility of the Beneficiary or their family members or companions, with no right to claim against **QUALITAS ASSISTANCE**.

When the **QUALITAS ASSISTANCE** Medical Department, in agreement with the Attending Physician, deems medical repatriation necessary and recommends it, it will be carried out in the first instance by the most convenient means of transportation available, and/or by commercial airline, in economy class and subject to availability of air space, to the airport of entry in the country of residence or where the card was purchased. **QUALITAS ASSISTANCE** will cover the difference in cost due to ticket date changes or the purchase of a new ticket if the original ticket cannot be exchanged. This assistance includes transportation by ambulance or other means of transportation compatible with your health and approved by the **QUALITAS ASSISTANCE** Medical Department from the hospital to your place of residence, with the necessary support equipment, including a stretcher, wheelchair, walker, medical assistance, etc.

No repatriation expenses will be recognized when the cause of repatriation is a result of a pre-existing illness or an event listed among the general exclusions, except for plans that consider pre-existing conditions. This benefit will apply only and exclusively within the validity periods of your voucher.

If the beneficiary so wishes, this same coverage includes cremation of the body. All applicable administrative procedures and transportation of ashes to the deceased's country of habitual residence will also be included. (Includes cremation due to COVID-19).

QUALITAS ASSISTANCE will not cover the costs of the final coffin, funeral arrangements, ground or air transportation in the country of residence, and burial.

QUALITAS ASSISTANCE will not be responsible for providing services or assuming the costs related to this benefit if the death of the Beneficiary is due to suicide or death as a result of alcohol or drug use, or due to a pre-existing, chronic, or recurring illness or medical condition. This benefit does not contemplate or include, under any circumstances, the return expenses of family members accompanying the deceased. Therefore, **QUALITAS ASSISTANCE** will not be responsible for any third-party expenses. In cases where a patient is hospitalized for a pre-existing condition or dies from the same, and provided that the patient has not exhausted all of the coverage for the pre-existing condition, the remaining amounts may be used for medical or funeral repatriation costs, as appropriate.

Administrative Repatriation

In the event that the beneficiary of a **QUALITAS ASSISTANCE** assistance product is deported for any reason upon entering the destination country and at the request of the corresponding authorities, **QUALITAS ASSISTANCE** will cover the beneficiary's return by means of an exchange of their original return ticket. To do so, the beneficiary must provide **QUALITAS ASSISTANCE** with the ticket(s) they have for their return and a formal document issued by the competent authority. For this reason, notification to the **QUALITAS ASSISTANCE** assistance center may be made within 24 hours of returning to the country of origin.

 3. Hotel expenses for quarantine will be covered as long as the reservation has already been paid by the passenger.
- The maximum amount of this coverage is USD 1,500.

Early Return Due to Serious Accident at Home

In the event of a fire, explosion, flood, or burglary with damage or violence at a Beneficiary's home while traveling, if no one is available to take care of the situation and if the original return ticket does not allow for a free change of date, **QUALITAS ASSISTANCE** will cover the corresponding difference or the cost of a new economy class ticket from the Beneficiary's current location to the airport closest to the Beneficiary's home in the Beneficiary's country of residence. This request for assistance must be accredited by submitting the original police report to the Assistance Services Center within twenty- four hours of the incident. The Beneficiary must contact the Assistance Services Center for authorization. Requests for reimbursement without justification will not be accepted.

Accompanying Minors Under 15 Years of Age

If a Beneficiary is traveling alone with minors under fifteen (15) years of age who are also beneficiaries of a **QUALITAS ASSISTANCE** assistance plan and is unable to care for them due to illness or accident confirmed by the Medical Department of the Assistance Services Center, **QUALITAS ASSISTANCE** will arrange, at its own expense, for said minors to be transported to their usual residence in their country of origin, by the means it deems most appropriate. This service can be provided in two ways: By reimbursement with prior authorization from the Assistance Services Center and governed by the timeframes established in the reimbursement procedures, or by direct payment for the minor's ticket and an accompanying person, if necessary, who will be responsible for their transportation to their country of origin. In any case, the client may not use this benefit without authorization from the Assistance Services Center.

1. Purchase the plan within 72 hours of purchasing the tour package and/or cruise, provided that the penalty period published by the travel agency or shipping company has not yet begun.
2. Notify the Assistance Services Center within 24 hours of the event that led to the cancellation.
3. (See specific requirements for cruises listed below).
4. The Beneficiary has up to thirty (30) calendar days from the date of the event to submit all necessary documentation and supporting documents to initiate the refund process. After this period, no documents will be accepted to process any refunds.

Note 1: For Annual Multi-Trip plans, cancellation will be renewed each time the Beneficiary travels, as indicated in the assistance plan for the product purchased. This benefit applies as long as the requirements established for this benefit are met for each trip. This benefit does not apply to Beneficiaries over 74 years of age.

Note 2: Any event that occurred prior to the issuance of the Assistance Plan is excluded from coverage. In the case of a single event involving more than one reservation, regardless of the number of Policyholders involved, **QUALITAS ASSISTANCE** 's maximum liability for all affected policyholders will not exceed FORTY THOUSAND US DOLLARS (USD \$40,000.00) as the maximum global amount for the same incident. If the sum of the compensation payable exceeds the aforementioned amounts, each individual compensation will be made pro rata to the maximum liability defined in the Voucher.

Cancellation of a Cruise Trip Before It Begins:

In this case, the Beneficiary must:

- Immediately notify the cruise line in writing of their decision and obtain a receipt from the company that clearly indicates the date of said formal notification of the impossibility of starting the cruise trip on the ship and the date originally booked.
- They must also obtain the General Conditions of Cruise Contract from the cruise line, which clearly indicate the procedure for applying penalties or penalty clauses for early cancellation of a contracted and fully paid cruise.
- They must obtain a receipt from the cruise line showing the amount of the penalty applicable to their particular cruise contract and the amount of the refund, if applicable.

Once you have obtained the above documentation, you must clearly and reliably provide written proof to **QUALITAS ASSISTANCE** of the reason(s) that led to the trip cancellation and send all such documentation to the Assistance Services Center for possible verification by **QUALITAS ASSISTANCE** and possible reimbursement, if applicable.

The following are justified reasons for the purposes of this benefit:

1. The death, accident, or serious non-preexisting illness of the Beneficiary or a first-degree blood relative (parents, children, or siblings) or spouse, where a serious illness is understood to be a health condition that, in the judgment of the Medical Department of the Assistance Services Center, makes it impossible for the Beneficiary to begin the trip on the originally contracted date.
2. Being summoned as a party, witness, or jury in a court of law.
3. Damage caused by fire, theft, robbery, or acts of nature to the Beneficiary's habitual residence or professional premises, rendering them uninhabitable and unavoidably justifying the Beneficiary's presence.

5. Verified dismissal of the Beneficiary, with a date after the date of contracting the assistance plan.
6. Emergency call-up for military, medical, or public service.

Once the plan has been purchased under the conditions indicated above, and if the benefit is applicable, its validity begins at the time the Beneficiary purchases their assistance plan and ends at the time the voucher becomes valid. This benefit does not apply to Beneficiaries over 74 years of age.

Note: Any event occurring prior to the issuance of the Assistance Plan is excluded from coverage. In the event of a single event involving more than one reservation, regardless of the number of Policyholders involved, QUALITAS ASSISTANCE 's maximum liability for all affected policyholders will not exceed FORTY THOUSAND US DOLLARS (US\$40,000.00) as the maximum global amount for the same incident. If the sum of the indemnities to be paid exceeds the aforementioned amounts, each individual indemnity will be made in proportion to the maximum liability defined in the Voucher.

Trip Cancellation Due to COVID-19

If covered by the voucher, the Beneficiary may cancel their trip early for the following reasons:

In the event of a positive COVID-19 diagnosis for the Beneficiary, travel companion, or first-degree blood relative.

In all cases, the Voucher must be issued at least 14 days prior to the departure date or the start date of validity, whichever comes first.

Note 1: Not applicable to Beneficiaries over 70 years of age. Trip cancellation requests will not be covered if the cancellation is due to border closures by the government of origin or destination. Additionally, if the hotel provider, airline, or any other tour operator offers the Beneficiary the option of leaving the dates open, rescheduling, providing a credit, and other solutions, even if the Beneficiary declines this option, there will be no reimbursement for expenses incurred.

Note 2: Any event that occurred prior to the issuance of the Assistance Plan is excluded from coverage. In the event of a single event involving more than one reservation, regardless of the number of Policyholders involved, QUALITAS ASSISTANCE 's maximum liability for all affected policyholders will not exceed FORTY THOUSAND US DOLLARS (US\$40,000.00) as the maximum global amount for the same incident. Compensation for Lost Luggage

QUALITAS ASSISTANCE will compensate the Beneficiary additionally, up to the limit specified in the table of benefits. The following terms and conditions apply to obtaining this benefit:

- The Beneficiary must have notified the airline and the **QUALITAS ASSISTANCE** Central Office of the incident before leaving the airport where the loss occurred, following the instructions described below.
- If the baggage has been lost during transportation on a scheduled international flight, this benefit does not apply when the loss occurs on a domestic flight, charter or chartered flights, private or military aircraft, or any flight that does not have a fixed, published itinerary that operates regularly, nor when the loss occurs on domestic flights abroad.
- If the aforementioned baggage has been duly registered, labeled, and dispatched to the aircraft cargo hold, and has been duly presented and delivered to the airline personnel at the terminal check-in desk. **QUALITAS ASSISTANCE** will not compensate plan beneficiaries for the loss of carry-on or cabin baggage, or any other item that has not been duly registered with the airline and has been transported in the aircraft cargo hold.
- If the loss of the baggage occurred between the time when the baggage was handed over to authorized airline personnel for boarding and the time when it should have been returned to the passenger at the end of the trip.
- That the airline has assumed its responsibility for the loss of such luggage, and has paid or paid to the Beneficiary the compensation provided by the airline. **QUALITAS ASSISTANCE** will not be able to indemnify the Beneficiary when he/she has not yet received the compensation from the airline.
- Losses occurring in any type of land transportation abroad are not entitled to this compensation.
- Compensation for total loss of baggage shall be limited to a single complete and entire package missing definitively and to a single injured Beneficiary. In the event that the missing package is in the name of several Beneficiaries, the compensation shall be prorated among the Beneficiaries, provided that it includes the corresponding ticket numbers of each one, as well as the voucher number. Partial missing baggage will not be compensated.
- In case the airline offers the Beneficiary as indemnity the possibility of choosing between receiving a cash value or one or more tickets or any other means of compensation, **QUALITAS ASSISTANCE** shall proceed to pay the Beneficiary the economic compensation for lost luggage, once such option is exercised.

It is important to take into account that, in cases of lost luggage, the direct responsible parties are the airlines or transport companies, therefore **QUALITAS ASSISTANCE** will intervene as an intermediary facilitator between the airline or transport company and the passenger, and therefore cannot be considered or held directly responsible for such loss, nor for the search of the luggage. The airlines reserve the right to accept or not the claims to **QUALITAS ASSISTANCE**, and in general terms may require that the claims be made directly by the passengers and not allow the intermediation of **QUALITAS ASSISTANCE**.

Compensations for total loss of baggage will be paid only in the country where the **QUALITAS ASSISTANCE** assistance was contracted.

Upon returning to his/her country of origin, the Beneficiary must present the following documentation at the **QUALITAS ASSISTANCE** offices:

- P.I.R. Form (Claim for Loss of Luggage) Original.
- Document or Passport
- Assistance Voucher
- Original of the receipt of the indemnity from the airline (Check, proof of payment of the same), air tickets.

NOTE: Compensation to the beneficiary will be additional to the compensation paid by the airline as indicated in the voucher corresponding to the purchased **QUALITAS ASSISTANCE** plan. In the case of additional compensation, the amount will be determined as the difference between the amount paid by the airline and the amount determined in accordance with the plan purchased, and always up to the maximum limit indicated for this purpose in the voucher. No compensation will be valid if the airline's compensation equals or exceeds the maximum limit established in the voucher for this purpose. Furthermore, compensation for lost baggage applies per piece of luggage or cargo and not per person.

Compensation for Delayed Baggage Return

QUALITAS ASSISTANCE will reimburse the Beneficiary whose assistance plan so requires, upon presentation of the original receipts for purchases of essential items made during the delay in baggage delivery. Purchases must be made after filing the relevant claim with the airline, notifying the Assistance Services Center and providing the corresponding PIR number issued by the airline. This benefit will only be provided if the baggage is not located within six (6) hours of the flight's arrival. The 6-hour period refers exclusively to the time elapsed until the baggage is located. The subsequent period until the baggage is physically delivered by the airline is beyond the responsibility of **QUALITAS ASSISTANCE** and therefore will not be taken into account in calculating the 6-hour period.

If baggage is delayed or lost during connecting flights, or on a return flight to the Beneficiary's country of origin and/or habitual residence, no compensation will be granted.

If the baggage is declared completely lost by the airline, the total reimbursement for expenses under this benefit will be deducted from the amount to be reimbursed under "Baggage Loss Compensation."

This service is reimbursed subject to authorization from the Assistance Services Center and is governed by the timeframes established in the reimbursement procedures.

In the event of baggage delay, follow these instructions:

1. Immediately upon detecting the missing baggage, contact the airline or the responsible person within the same area where the baggage arrives. Request and complete the P.I.R. Property Irregularity Report form.
2. Before leaving the airport, call the Assistance Center to report the loss of your baggage.

Upon returning to your country of origin, you must present the following documentation at the offices:

1. PIR Form
2. Payment receipts for essential items (hygiene items and essential clothing).
3. Original flight itinerary.

Note: Compensation for delayed baggage return applies per piece of luggage or cargo, not per person.

Baggage Breakage Compensation

If the Beneficiary's suitcases suffer any type of damage that leaves the items inside exposed, or if their locks are tampered with, **QUALITAS ASSISTANCE** will grant the Beneficiary the indicated amount according to the limits of the contracted product.

To make this benefit effective, it must be verified that the breakage occurred between the time the baggage was loaded and the time it must be delivered to the Beneficiary upon disembarkation. The **QUALITAS ASSISTANCE** Assistance Service Center must have been notified within 24 hours of the incident. The Beneficiary must present to **QUALITAS ASSISTANCE** the complaint receipt issued by the airline or shipping company and the original receipts for the repair of the breakage or replacement of the baggage.

Note: Compensation for baggage damage applies per piece of luggage or cargo, not per person.

Compensation (Expenses) for Delayed or Cancelled Flights

If the Beneficiary's flight is delayed for more than six (6) consecutive hours beyond the originally scheduled time, and provided there is no alternative transportation during these hours, **QUALITAS ASSISTANCE** will reimburse up to the agreed coverage limit for hotel, meal, and communication expenses during the delay, upon presentation of the original receipts, accompanied by a certificate from the airline reflecting the delay or cancellation of the Beneficiary's flight.

This benefit will not be provided if the flight is at an airport located near the Beneficiary's city of habitual residence, even if the distance is greater than 100 km, or within the Beneficiary's city of habitual residence; nor if the Beneficiary is traveling on a ticket subject to space availability. This service does not apply if the cancellation is due to airline bankruptcy and/or cessation of services.

Trip/Cruise Tracking

QUALITAS ASSISTANCE will cover the cost of a one-way economy class ticket from the port of embarkation to the next port of call on the contracted cruise. This is true under the following circumstances:

- If the beneficiary initially missed the scheduled cruise departure due to a connecting flight delayed by more than (6) hours from the scheduled departure, and upon presentation of the appropriate supporting documents and the airline's report (PIR).
- If the beneficiary must be removed from the cruise due to life-threatening emergencies in which their physical integrity is compromised.
- If, as a result of an illness occurring before embarkation and after treatment, they are allowed to continue the contracted trip, they may access the benefit by attaching documents certifying their inability to board the cruise and their respective medical clearance.

This benefit is paid as a refund, subject to proof of documentation supporting the situations described (receipts and airline report – PIR).

Missed flight for any reason (late arrival)

As a result of any reason other than cancellation or delay by the airline, which has caused the missed connection and/or direct flights to the destination country, **QUALITAS ASSISTANCE** will assume, up to the maximum contracted liability limits, the payment of penalties, purchase of new tickets, meals, calls, and hotel.

This coverage applies even to domestic flights, excluding flights departing from the passenger's city of habitual residence. The customer must notify **QUALITAS ASSISTANCE** of this event on the same day as the missed flight.

To apply for this benefit, the Member must contact the airport where this coverage is applicable.

Multi-Cause Cancellation Upgrade

In cases where the Beneficiary explicitly purchases the multi-cause cancellation protection benefit offered by **QUALITAS ASSISTANCE**, coverage will be provided up to the specifically contracted amount, and this benefit must be expressly stated on the Beneficiary's voucher. This benefit is only valid for international travel.

QUALITAS ASSISTANCE will cover, up to the maximum coverage limit according to the contracted plan, penalties for early cancellation of trips such as tours, tourist packages, excursions, airline tickets, and cruises organized by a duly accredited professional tour operator at the destination. To qualify for this benefit, the voucher beneficiary must:

- 1) Purchase the assistance plan before or up to a maximum of 72 hours after the first payment for the tourist services that may be canceled.
- 2) Notify the assistance center within a maximum of 24 hours after the event that led to the cancellation. The compensation will be calculated based on the date the cause of cancellation occurred, not the date the beneficiary notifies **QUALITAS ASSISTANCE**. At the same time, the beneficiary must cancel their trip with the tourism organization (cruise ship, travel agency, tour operator, etc.), to avoid increasing the penalty that the same organization will apply.
- 3) Submit, up to 30 calendar days after the voucher's expiration date, all documentation deemed necessary by **QUALITAS ASSISTANCE** to evaluate coverage for this benefit, including, but not limited to: a document clearly and reliably demonstrating the reason for the trip cancellation, letters from the respective service providers, invoices, and payment receipts.
- 4) In the case of "Annual Multi-Trip" plans, this benefit will apply only once and corresponds to the passenger's initial trip. It cannot be considered applicable to all trips the Beneficiary may take during the voucher's full validity period.
- 5) The Beneficiary has up to thirty (30) calendar days from the date of the event to submit the complete documentation and supporting documents necessary to initiate the refund process. After this period, no documents will be accepted for processing any refunds.

The following are justified causes for the purposes of this benefit and are considered at 100% of the limit indicated on the voucher:

1. The death, accident, or serious non-preexisting illness of the Beneficiary or a first-degree blood relative (spouse, parents, children, siblings). A serious illness is understood to be a health condition that, in the judgment of the Medical Department of the Assistance Center, makes it impossible for the Beneficiary to begin the trip on the originally contracted date.

2. Being summoned as a party, witness, or jury in a court of law.
3. Damage caused by fire, robbery, theft, or acts of nature to the Beneficiary's habitual residence or professional premises, rendering them uninhabitable and unavoidably justifying the Beneficiary's presence.

5. Verified dismissal from work, with a date after the contract for assistance.
6. Emergency call-up to military, medical, or public service.

If the person accompanying the Beneficiary on the trip, understood as those sharing the same hotel room or cruise cabin with the Beneficiary, or who are first-degree blood relatives (spouse, parents, children, or siblings) who also hold an Assistance Plan under the same conditions as the Beneficiary, and said companions are forced to cancel the trip for any of the reasons listed above.
9. Unforeseen exacerbations of pre-existing illnesses. In this case, the Beneficiary or first-degree blood relative (spouse, parents, children, or siblings) with said pre-existing illness must have remained stable, without episodes, for a minimum period of 6 months prior to the trip. **QUALITAS ASSISTANCE** reserves the right to request the passenger's original medical records prior to the date on which the illness worsens.
10. Pregnancy complications
11. Wedding cancellation
12. Child adoption
13. Emergency delivery

The following are justified causes for the purposes of this benefit and are considered at 70% of the limit indicated on the voucher:

14. Kidnapping of the Beneficiary or immediate family members, provided it is verifiable and public knowledge.
15. Cancellation of vacation due to company orders.
16. Change of job.
17. Visa denial for entry to the destination country. This coverage is valid if the Supplement is purchased at least 72 hours before the visa appointment at the respective embassy. It does not apply to the costs of consular procedures (visa costs).

Once the plan is purchased under the conditions indicated above, and if the benefit is applicable, its validity begins at the time the Beneficiary purchases their assistance plan and ends at the time the voucher becomes effective. This benefit does not apply to Beneficiaries over 74 years of age.

Any event that occurred prior to the issuance of the Assistance Plan is excluded from coverage. In

the event of a single event involving more than one reservation, regardless of the number of Policyholders involved, **QUALITAS ASSISTANCE** 's maximum liability for all affected policyholders will not exceed FORTY THOUSAND US DOLLARS (US\$40,000.00) as the maximum global amount for the same incident. If the sum of the compensation payable exceeds the aforementioned amounts, each individual compensation will be paid in proportion to the maximum liability defined in the Voucher.

Specific exclusions from this benefit:

The following are considered exclusions from this coverage:

This product can be purchased for short-stay trips of up to 90 days, or for annual multi-trips, but the upgrade must be purchased for each trip.

Theme Park Upgrade

In cases where the Beneficiary explicitly purchases the Theme Park protection benefit offered by **QUALITAS ASSISTANCE**, coverage will be provided for seventy percent (70%) of the value of the Theme Park ticket belonging to the voucher purchaser who purchased the upgrade.

This benefit is only valid for international travel and for any Theme Park in the world. Only one Upgrade may be purchased. Upgrade coverage will only apply to one admission, and if the purchase was made with a single ticket that included multiple parks or attractions, the penalty payment will be made under that document.

To be eligible for this benefit, the voucher beneficiary must:

- a) Purchase the assistance plan before or up to a maximum of 72 hours after purchasing the Theme Park ticket.
- b) Notify the assistance center within a maximum of 24 hours after the event that led to the cancellation. The compensation will be calculated based on the date the cancellation occurred, not the date the Beneficiary notifies **QUALITAS ASSISTANCE**. At the same time, the Beneficiary must cancel with the Theme Park ticket, so as not to increase the penalty applied.
- c) Submit all documentation that **QUALITAS ASSISTANCE** deems appropriate for evaluating the coverage of this benefit, including, but not limited to: Documents clearly and reliably demonstrating the reason for canceling entry to the Theme Park, letters from the respective service providers, invoices, and payment receipts.

2. Cancellation of admission to the Theme Park due to serious illness or accident of the Beneficiary. 3. Closure of the Theme Park due to a direct cause of the park. For this purpose, it is essential to present a document from the Theme Park certifying this event.
4. Cancellation due to serious illness or death of a companion (if the ill person is a minor or the condition of the companion does not allow entry to the park), the companion(s) must be related by first-degree blood, including a spouse, parent, child, or sibling who also holds an Assistance Plan under the same conditions as the Beneficiary. 6. Trip interruption or cancellation: The beneficiary must have trip cancellation or interruption coverage included in their assistance plan. If any of these conditions apply, they may access this section to receive a refund for their tickets. Therefore, the beneficiary is required to comply with section "a." If they do not have an assistance plan, they will not be able to use the benefit.

Once the plan has been purchased under the conditions indicated above, and if the benefit is applicable, its validity begins at the time the beneficiary purchases their assistance plan and ends at the time the voucher becomes effective. This benefit does not apply to beneficiaries over 74 years of age.

If the beneficiary suffers from a pre-existing or chronic condition at the beginning of their trip abroad, even if they were unaware of it, as established in these General Conditions, **QUALITAS ASSISTANCE** is automatically exempt from providing services or assistance at its expense and based on the assistance plan purchased.

However, and exceptionally, and only in those cases expressly established, **QUALITAS ASSISTANCE** will cover medical assistance charges for pre-existing or chronic conditions for the beneficiary up to a maximum amount determined in the respective plan purchased. In these cases, **QUALITAS ASSISTANCE** will recognize the first clinical consultation in which the pre-existing condition is determined up to the amounts determined in the respective Benefits Summary Table.

Acute episode or unpredictable event, decompensation of known chronic and/or preexisting illnesses, hidden or previously asymptomatic. This coverage is provided exclusively for primary medical care during the acute episode, or in the case of an unpredictable event, with the higher coverage specified by the contracted plan. The emergency must require assistance during the trip and cannot be postponed until the return to the country of residence. The Emergency Management Center reserves the right to decide on the most appropriate treatment among those proposed by the medical staff and/or repatriation to the country of residence.

Repatriation will be a solution in cases where treatment requires long-term progression, elective surgeries, or non-urgent surgeries. The beneficiary is obligated to accept this solution. Should the solution be rejected, the beneficiary will lose all the benefits offered by the assistance plan.

This benefit excludes the initiation or continuation of treatments, diagnostic procedures, research, or diagnostic and therapeutic procedures that are unrelated to the acute episode and unforeseen.

Note: Please note that medication expenses for pre-existing conditions will not be covered by QUALITAS ASSISTANCE, even if diagnosed by the attending physician at the Assistance Services Center. Medications for the treatment of mental, psychological, or emotional illnesses are also excluded, even in cases where the medical consultation has been authorized by the QUALITAS ASSISTANCE Medical Department.

All sexually transmitted diseases are excluded from this coverage, including, but not limited to, syphilis, gonorrhea, genital herpes, chlamydia, human papillomavirus (*Trichomonas vaginalis*), trichomoniasis, human immunodeficiency virus (HIV), acquired immunodeficiency syndrome (AIDS), among others.

Beneficiary Obligations:

1. The Beneficiary must follow all medical instructions given by the attending physician assigned by **QUALITAS ASSISTANCE** and take all medications as prescribed and necessary.
2. If the Beneficiary is interested in purchasing a plan that includes **QUALITAS ASSISTANCE** emergency coverage for a pre-existing medical condition and suffers from any of the following conditions: any type of cancer, heart disease, chronic lung disease, and/or chronic liver disease, the Beneficiary must consult their personal physician in their home country before beginning the trip and obtain written confirmation that they are fit to travel for all planned days, at the desired destination, and that the condition is not an inconvenience for all scheduled activities.
3. The Beneficiary may not begin the trip after receiving a terminal diagnosis.
4. To be eligible for this coverage, the Beneficiary must have been in a stable condition for more than 12 months.

If it is determined that the reason for the trip was treatment abroad for a chronic or pre-existing condition, the Emergency Management Center will deny coverage.

Note: The maximum age limit for accessing medical assistance benefits for pre-existing conditions is 84 years of age.

XVI. EXPIRATION - TERMINATION - MODIFICATION

Any claim seeking to enforce the obligations that **QUALITAS ASSISTANCE** assumes through these general conditions must be submitted in writing and duly submitted within a non-extendable period of thirty (30) calendar days, counted from the expiration date of the voucher.
